

Institute for European Studies
of Tbilisi State University

INSTITUTE FOR DEVELOPMENT OF
FREEDOM OF INFORMATION

"ENPI beyond 2013 in South Caucasus region: challenges in good governance" is organized by Tbilisi State University, University of Tartu, The Institute for Development of Freedom of Information (IDFI) and Institute for European Studies at TSU.

This joint international summer school is financed by the Ministry of Foreign Affairs of Estonia, which is especially active in supporting a democratic development and different educational programs in Georgia and at TSU, as well.

International summer school - "ENPI beyond 2013 in South Caucasus region: challenges in good governance", is a high level project with high level speakers from the Government of Georgian, Parliament of Georgia, Delegation of the European Union to Georgia, Estonian and Georgian professors. The experience and knowledge of invited experts will be priceless asset for Georgian and foreign students of the summer school.

The good democratic governance is what Abraham Lincoln has said centuries ago: Government of the people, by the people, for the people.
